INDEPENDENT AUDITORS' REPORT

May 23, 2006

To the Township Board Arbela Township Millington, Michigan

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Arbela Township as of and for the year ended March 31, 2006, which collectively comprise the Township's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Township's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the aggregate remaining fund information Arbela Township as of March 31, 2006, and the respective changes in financial position, thereof and the respective budgetary comparisons of the General Fund, Garbage Fund, Police Fund and Fire Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The Management's Discussion and Analysis listed in the table of contents on pages 3-8, is not a required part of the basic financial statement but is supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquires of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise *Arbela Township's* basic financial statements. The combining and individual fund financial statements and schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual fund financial statements and schedules have been subjected to the auditing procedures applied by us in the audit of the basic financial statements and, in our opinion, are fairly stated, in all material respects in relation to the basic financial statements taken as a whole.

Management Discussion and Analysis

As Management of Arbela Township, Michigan, we offer readers of the Township's financial statements this narrative overview and analysis of the financial activities of the Township for the fiscal year ended March 31, 2006. We encourage readers to consider the information presented here in conjunction with the financial statements as a whole.

Financial Highlights

The assets of the Township exceeded its liabilities at the close of the most recent fiscal year by \$1,204,580 (net assets). Of this amount \$762,329 (unrestricted net assets) may be used to meet the government's ongoing obligations to citizens and creditors.

The government's total net assets increased by \$37,050 from the previous year.

As of the close of the current fiscal year, the Township's governmental funds reported the prior year. More than 82 percent of this total amount, or \$631,706, is available for spending at the government's discretion (unreserved fund balance).

At the end of the current fiscal year, unreserved fund balance for the general fund was \$123,044 or 28.2 percent of the total general fund expenditures.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the Township's basic financial statements. The Township's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide Financial Statements. The government-wide financial statements are designed to provide readers with a broad overview of the Township's finances, in a manner similar to a private-sector business.

The statement of net assets presents information on all of the Township's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the Township is improving or deteriorating.

The statement of activities presents information showing how the government's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. This, revenue and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected special assessments).

Both of the government-wide financial statements distinguish functions of the Township that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the Township include legislative, general government, public safety, public works, recreation and cultural. The Township does not have any business-type activities. The government-wide financial statements can be found on pages 9 and 10 of this report.

Fund Financial Statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Township, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Township can be divided into two categories: governmental funds and fiduciary funds.

Governmental Funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Township maintains five individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general, garbage, police and fire funds, each of which are considered to be major funds. Data from the other governmental fund (building department fund) is listed as a single, aggregated presentation. Individual fund data for the non-major governmental fund is provided in the form of other governmental funds elsewhere in this report.

The Township adopts an annual appropriated budget for its general and special revenue funds. Budgetary comparison statements or schedules have been provided herein to demonstrate compliance with those budgets.

Fiduciary Funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the Township's own programs. The accounting used for fiduciary funds is much like that used for

governmental funds. The basic fiduciary fund financial statement can be found on page 19 of this report.

Notes to the Financial Statements. The notes provide additional information that is essential to a full understanding of the date provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 20-29 of this report.

Other Information. The statements referred to earlier in connection with nonmajor governmental funds are presented immediately following the accompanying notes. Combining and individual fund statements and schedules can be found on pages 32-33 of this report.

Government-wide Financial Analysis

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. In the case of Arbela Township, assets exceeded liabilities by \$1,204,580 at the close of the most recent fiscal year.

One of the largest portions of the Township's net assets (36 percent) reflects its investment in capital assets. (e.g., land, buildings, equipment and vehicles). The Township uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Township's investment in its capital assets is reported, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Arbela Township's Net Assets

	Governmental Activities		
	2005	2006	
Current and other assets	\$ 716,670	\$ 792,866	
Capital assets not being depreciated	67,552	67,552	
Capital assets being depreciated	409,933	374,699	
Total Assets	1,194,155	1,235,117	
Liabilities, current	29,721	30,537	
Net Assets:			
Invested in capital assets	477,485	442,251	
Unrestricted	686,949	762,329	
Total net assets	\$1,164,434	\$1,204,580	

The Township's net assets increased by \$37,050 during the current fiscal year. This growth largely reflects the degree to which ongoing revenues exceeded ongoing expenses minus any decrease in spending.

Arbela Township's Changes in Net Assets

	Governmental Activities		
	2005	2006	
Revenues:			
Program revenues:			
Charges for services	\$ 66,175	\$ 67,033	
Operating grants and contributions	252,851	248,190	
Capital grants and contributions	-	9,600	
General revenues:			
Property taxes	444,402	457,812	
Unrestricted investment earnings	4,308	12,554	
Total revenue	<u>767,736</u>	795,189	
Expenses:			
Legislative	26,384	23,477	
General government	237,612	268,888	
Public safety	147,397	151,351	
Public works	271,837	309,598	
Recreation and culture	<u>14,740</u>	4,825	
Total expenses	697,970	758,139	
Increase in net assets	69,766	37,050	
Net assets, beginning of year	1,094,668	_1,167,530	
Net assets, end of year	<u>\$1,164,434</u>	<u>\$1,204,580</u>	

Governmental Activities. Governmental activities increased the Township's net assets by \$37,050 resulting in about 3.3 percent growth in the net assets of the Township. This minimal increase is a result of Township revenues and expenses remaining relatively constant, with revenues slightly out pacing expenses. The increase in the capital grants and contributions for the current year is because the Township, through the Help America Vote Act grant, received two voting machines.

Financial Analysis of the Government's Funds

As noted earlier, the Township uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the Township's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Township's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the Township's governmental funds reported combined ending fund balances of \$762,329, an increase of \$72,284 in comparison with the prior year. Approximately 82.6 percent of this total amount (\$630,277) constitutes unreserved fund balance, which is available for spending at the government's discretion.

The general fund is the chief operating fund of the Township. At the end of the current fiscal year, undesignated fund balance of the general fund was \$123,044, and total fund balance was \$253,667. As a measure of the general fund's liquidity, it may be useful to compare unreserved fund balance to total fund expenditures. Unreserved fund balance represents 27 percent of total general fund expenditures.

The fund balance of the Township's general fund decreased by \$5,547 during the current fiscal year. The decrease is attributable to expenditures in excess of revenues.

The fire fund has a total fund balance of \$76,414, which increased by \$19,120 during the year. The increase is primarily attributable to unspent revenues.

The police fund has a total fund balance of \$233,619, which increased by \$48,489 during the year. The increase is primarily attributable to unspent revenues.

The garbage fund has a total fund balance of \$197,200, which increased \$10,504. The increase is primarily attributable to unspent revenues.

General Fund Budgetary Highlights

Differences between the original and final amended budgets for expenditures were relatively minor and the adjustments were made as a part of the Township's budget procedures to address changes in activity during the year.

Budget to actual comparisons for the Township's general fund were generally favorable.

Capital Asset and Debt Administration

Capital Assets. The Township's investment in capital assets for its governmental activities as of March 31, 2006, amounted to \$442,251. This investment in capital assets includes land, land improvements, buildings and improvements, equipment and vehicles.

Arbela Township's Capital Assets

(net of depreciation)

	Governmental Activities
Land	\$ 67,552
Buildings and improvements Equipment	222,462 1,875
Vehicles	1,873 150,362
Total net capital assets	<u>\$ 442,251</u>

The Township enjoys no long term debt.

Economic Factors and Next Year's Budgets and Rates

The following factors were considered in preparing the Township's budget for the 2006-07 fiscal year:

The Township is comprised principally of agriculture and residential areas with one commerce corridor.

Inflationary trends in the region compare favorable to national indexes.

Increase in wages, gasoline and our five-year road plan and revenue sharing decreases.

Requests for Information

This financial report is designed to provide a general overview of the Township's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or request for additional financial information should be addressed to the Township's office, 8935 East Birch Run Road, Millington, MI 48746.

NOTES TO FINANCIAL STATEMENTS

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of *Arbela Township* (the "Township"), conform to generally accepted accounting principles as applicable to governmental units. The following is a summary of the significant policies:

A. REPORTING ENTITY

As required by generally accepted accounting principles, the financial statements of the reporting entity include those of the Township and its component units. The component unit discussed below is included in the Township's reporting entity because it is an entity for which the Township is considered to financially accountable.

Blended Component Unit – The Building Authority is governed by a board appointed by the Board of the Township. Although it is legally separate from the Township, the Building Authority is reported as if it were part of the primary government because its sole purpose is to acquire and finance property for the use of the Township.

<u>Joint Operations</u> – Arbela Township participates in a joint fire services board with Millington Township. Records are maintained and funds are held by Millington Township. Arbela Township pays 40% of the fire board expenses plus a flat fee for fire runs in Arbela Township. Total Arbela Township contributions for the year ended March 31, 2006 were \$30,602.

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The government-wide financial statements (i.e. the statement of net assets and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component unit. For the most part, the effect of the interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support. The Township has no business-type activities.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a

NOTES TO FINANCIAL STATEMENTS

particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting; the agency funds use the accrual basis of accounting, but do not have a measurement focus. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period, or within one year for reimbursement – based grants. Expenditures generally are recorded when a liability is incurred, as under accrual accounting.

Property taxes, franchise taxes, licenses, intergovernmental revenues and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government.

NOTES TO FINANCIAL STATEMENTS

The government reports the following major governmental funds:

The *general fund* is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *garbage fund* accounts for the collection of a separate tax millage that is used to fund the operations of garbage collection.

The *police fund* accounts for the collection of a separate tax millage that is used to fund the operations of the Tuscola County police officer assigned to the Township.

The *fire fund* accounts for the collection of a separate tax millage that is used to fund the operations of fire services.

Additionally, the Township reports the following fund types:

Agency funds are used to account for assets held for other governments in an agency capacity, including tax collections.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in the government-wide financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

When both restricted and unrestricted resources are available for use, it is the Township's policy to use restricted resources first, then unrestricted resources as they are needed.

NOTES TO FINANCIAL STATEMENTS

D. ASSETS, LIABILITIES AND NET ASSETS OR EQUITY

1. CASH AND CASH EQUIVALENTS

Cash and cash equivalents consist of deposits in checking accounts and savings accounts.

2. RECEIVABLES AND PAYABLES

All receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible.

3. PREPAIDS

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

4. CAPITAL ASSETS

Capital assets, which include property, plant, and equipment, are reported in the governmental column in the government-wide financial statements. Capital assets are defined by the government as assets with an initial individual cost of \$5,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets, are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized when purchased. Capital assets of the Township are depreciated using the straight line method over the following estimated useful lives:

<u>Assets</u>	Years
Land improvements	5-20
Buildings and improvements	5-40
Equipment	5-20
Vehicles	4-10

NOTES TO FINANCIAL STATEMENTS

5. FUND EQUITY

Designations of unreserved fund equity in governmental funds indicate the Township's tentative plans for use of financial resources in a future period. Reserved fund equity represents amounts legally identified for specific purposes.

II. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A. BUDGETS AND BUDGETARY ACCOUNTING

Comparisons to budget are presented for the General Fund and Special Revenue Funds. The operating budget is adopted by activity for the General Fund and by function for the Special Revenue funds. Budgets for the General and Special Revenue Funds are adopted on a basis consistent with generally accepted accounting principles (GAAP). Any revisions that alter the total expenditures of any fund must be approved by the Township Board. Budgeted amounts are as originally adopted, or as amended by the Township Board.

B. EXCESS OF EXPENDITURES OVER APPROPRIATIONS FOR BUDGETARY FUNDS

The Township had funds with expenditures exceeding budgeted appropriations at the activity level, which is the Township's legal level of budgetary control for the year ended March 31, 2006.

III. DETAILED NOTES ON ALL FUNDS

A. DEPOSITS AND INVESTMENTS

A reconciliation of cash and investments as shown in the financial statements to the Township's deposits and investments is as follows:

	Total
Government-wide Financial Statement Captions:	
Primary Government:	
Cash and cash equivalents	\$ 673,296
Fiduciary Fund Financial Statement Captions:	
Cash and cash equivalents	9,935
•	
	\$ 683,231
Notes to Financial Statements:	·
Deposits	\$ 683,031
Cash on hand	200
Total	\$ 683,231

Investment and deposit risk:

Interest Rate Risk. State law limits the allowable investments and the maturities of some of the allowable investments as identified in the following list of authorized investments. The Township's investment policy does not have specific limits in excess of state law on investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit risk. The Township's investment policy does not have specific limits in excess of state law on investment credit risk. The Township has no investments for which ratings are required.

Custodial credit risk deposits. Custodial credit risk is the risk that in the event of a bank failure, the Township's deposits may not be returned. State law does not require and the Township does not have a policy for deposit custodial credit risk. As of year end, \$675,055 of the Township's bank balance of \$775,055 was exposed to custodial credit risk because it was uninsured and uncollateralized.

NOTES TO FINANCIAL STATEMENTS

The Township is authorized by statute to invest surplus funds in the following:

- ♦ Bonds, securities, other obligations and repurchase agreements of the United States, or an agency or instrumentality of the United States.
- ♦ Certificates of deposit, savings accounts, deposit accounts or depository receipts of a qualified financial institution.
- Commercial paper rated at the time of purchase within the two highest classifications established by not less than two standard rating services and that matures not more than 270 days after the date of purchase.
- In banker's acceptances of United States banks.
- Obligations of the State of Michigan and its political subdivisions that, at the time of purchase, are rated as investment grade by at least one standard rating service.
- ♦ Mutual funds registered under the Investment Company Act of 1940 with the authority to purchase only investment vehicles that are legal for direct investment by a public corporation.
- ♦ External investment pools as authorized by Public Act 20 as amended through December 31, 1997.

The Township Board is authorized to designate depositories for Township funds, and to determine that the funds are invested in accordance with State of Michigan statutory authority.

The Township's deposits are in accordance with statutory authority.

B. RECEIVABLES

Receivables in the primary government are as follows:

	Governmental <u>Activities</u>
Taxes Accounts	\$ 60,224 41,391
Total	<u>\$ 101,615</u>

NOTES TO FINANCIAL STATEMENTS

General government	\$ 8,871
Public safety	15,035
Public works	 1,738

Total depreciation expense – governmental activities \$\frac{\$25,644}{}\$

IV. OTHER INFORMATION

A. DEFINED CONTRIBUTION BENEFIT PLAN

The Township contributes to the Arbela Township Allocated Retirement Account, which is a defined contribution pension plan. The plan is administered by Manulife Financial.

Contributions made by an employee vest immediately and contributions made by the Township vest after one month of full-time employment. An employee who leaves the employment of the Township is entitled to his or her contributions and the Township's contributions if vesting requirements are satisfied, plus interest earned. The Township is required to contribute 10% of the employee's annual compensation and the employee is required to contribute 5% of their annual compensation. Plan provisions and contribution requirements are established and may be amended by the Township Board.

During the Plan year, the Township's required and actual contributions amounted to \$9,392 which was 10.0% of its covered payroll. Employees contributed \$4,696 to the Plan, which was 5.0% of covered payroll. Presently, six employees participate in the Plan.

B. PROPERTY TAXES

Township property taxes are attached as an enforceable lien on property as of December 1 and are due without penalty on or before March 1. Real property taxes not collected as of March 1 are turned over to Tuscola County for collection, which advances the Township 100% for the delinquent taxes. Collection of delinquent personal property taxes remains the responsibility of the Township Treasurer. Property taxes are recognized as revenue in the fiscal year in which they are levied.

NOTES TO FINANCIAL STATEMENTS

The taxable value of real and personal property located in the Township at December 1, 2005, totaled \$60,542,639, which equals the State equalized value. The tax levy rates for general operating purposes, roads and police for that year were 1.4203 mills, .9372 mills, and 2.0000 mills, respectively.

C. PRIOR PERIOD ADJUSTMENTS

During the year ended March 31, 2006, a prior period adjustment in the amount of \$3,096 was necessary to properly account for the understatement of revenue at March 31, 2005 in the General fund. The effect on the fund balance of the General fund was as follows:

Fund balance, beginning of year,	
as previously stated	\$ 256,118
Prior period adjustment	3,096
Fund balance, beginning of year,	
as restated	\$ 259,214

D. COMMITMENTS AND CONTINGENCIES

The Township is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During the year ended March 31, 2006, the Township carried commercial insurance to cover all risks of losses. The Township has had no settled claims resulting from these risks that exceeded their commercial coverage in any of the past three fiscal years.
